RING SIZE GUIDE

Print your size guide

To determine your ring size, print this page at 100% or full scale.
To ensure this has been printed properly, measure the scale below.
It should measure 2 inches.

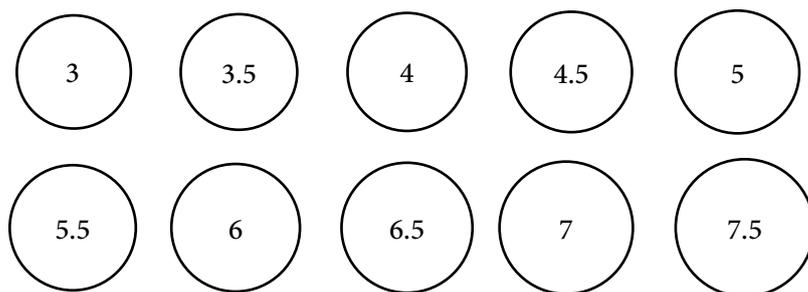

Measure your size finger

Choose a ring you already own that it's on the finger you will wear your new ring.
Place it on the circles below. The inner edge of your ring should align with the outer edge of the circle.
If you hesitate between two sizes, we suggest you to get the larger one.
