SPRING 24

« I've been absolutely terrified every moment of my life and I've never let it keep me from a single thing that I wanted to do. »

« I must speak to you this morning ... such things I have seen out the window I have never dreamed — this is more like my dreams than anything I have ever seen. »

« There is much life in me — when it was always checked in moving toward you — I realized it would die if it could not move toward something ... I chose coming away because here at least I feel good — and it makes me feel I am growing very tall and straight inside — and very still — Maybe you will not love me for it — but for me it seems to be the best thing I can do for you — I hope this letter carries no hurt to you — It is the last thing I want to do in the world. Today it rains -- »
